QUARTERLY COMPLIANCE AND ENFORCEMENT SUMMARY

April 1, 2008 to June 30, 2008

The 2nd Quarterly Compliance and Enforcement Summary for 2008 outlines eight Orders, 42 Administrative Sanctions, 463 Tickets and ten Court Convictions for a combined total of $147, 937 in fines.

This quarter **Environment Minister Barry Penner** introduced the ***Environmental (Species and Public Protection) Amendment Act*** which amends the *Wildlife Act* and the *Environmental Management Act,* allowing provisions for:

Increasing (doubling, on average) maximum fines and penalties for all offences under the *Wildlife Act*; filling in regulatory gaps for managing alien species and helping to protect both the public and native wildlife; increasing Park Ranger's authority to monitor hunting and fishing activities; clarifying the scope of the government's authority concerning spill response and cost recovery; and to improve general regulation-making powers for results-based regulations and minister's codes of practice under the *Environmental Management Act*.

As part of ongoing efforts to address damages to sensitive habitat areas, the following actions were reported out this quarter:

Penticton resident Victor Fitzgerald pled guilty to two charges for removing soil from his property and placing it in Okanagan Lake resulting in a substantial silt plume. The court ordered him to pay a total of $20,000, with $19,000 of that going to the Habitat Conservation Trust Foundation (HCTF). Fitzgerald's contractor Wildstone Engineering and Construction Ltd. also pled guilty to one count and was ordered to pay a fine of $500 plus $9,500 to the HCTF.

The Conservation Officer Service (COS) has been working with the Ministry of Tourism, Culture and the Arts and the Ministry of Forests and Range to raise public awareness about the damaging impacts that "mud-bogging" and other off-road activities can have on sensitive wetlands, grasslands, and sub-alpine areas. In 2007, new ticketing provisions were made available to the COS through section 46 (1.1) of the *Forest and Range Practices Act*. This summary highlights a total of 21 tickets issued by the COS as part of the cooperative compliance and enforcement strategy government is taking to support habitat protection.

ISSUED TO	LOCATION	ACT	REG.	SECTION	DESCRIPTION
Henard Holdings Ltd.	Quesnel	*Environmental Management Act*		77	An Information Order was issued to prevent pollution from occurring due to a malfunctioning subsurface disposal field at the Park Village Trailer Park. The Order required the owner/operator to comply with the following requirements: (1) submit to the ministry within 1 day an account of actions taken and further plans for immediately curtailing the discharge to the disposal field; and (2) submit to MoE staff a report from a qualified professional assessing the cause of the disposal field malfunction and the effluent surfacing over the field, and a plan for remediation.
Pope and Talbot Ltd. MacKenzie Pulp Operations	MacKenzie	*Environmental Management Act*		77	An Information Order was issued to prevent pollution to soil and groundwater from the mill's operations. MoE staff ordered that Pope and Talbot submit all information in its possession relating to the substances used, stored, treated or introduced or caused or allowed to be introduced to the environment in the course of the mill's operation that can be used to assess the extent of contamination and/or impact on the site.
Pieter and Teunie Dekker	Prince George	*Environmental Management Act*		81	A Pollution Prevention Order was issued requiring that the following conditions be met to prevent pollution from occurring at their sewage lagoon: (1) immediately lower and maintain the storage lagoon and stabilize lagoon freeboards to permitted levels; (2) provide a report to MoE staff describing the volume of effluent removed, date of removal, name of septic hauler hired, and name of the approved facility accepting the effluent; (3) install a meter to record daily lagoon freeboard levels and submit a monthly report of these levels to MoE staff; (4) provide a contingency plan prepared by a qualified professional for preventing any further unauthorized discharges and for meeting permit requirements; and (5) no effluent may be discharged by spray irrigation until all permit requirements are met.
Leo Steiner and Klondike Heliskiing Ltd.	Atlin	*Environmental Management Act*		81	A Pollution Prevention Order was issued requiring that the following conditions be met to prevent pollution from occurring at various sites within the heliskiing operation's tenure, including on top of frozen lakes. Inspections revealed that improper handling and storage of fuel drums may result in the contamination of various lakes and associated water bodies. The company was ordered to: (1) locate all full, partially full, and empty fuel drums and any other materials from the lakes and land on which they currently reside and remove them in a manner whereby fuel is not allowed to escape to the environment; (2) collect and remove the barrels and any other materials associated with the operation in the following manner: (i) remove all drums and litter located atop or immediately adjacent to lakes, streams, wetlands or other water bodies within 14 days; (ii) remove all drums and litter located on land within 30 days; (iii) all drums and litter collected and removed must be deposited or stored properly in authorized locations; and (3) submit to MoE staff within 45 days written documentation regarding the current spill response and notification procedures established by Klondike Heliskiing.

Orders

Ministry of Environment

ISSUED TO	LOCATION	ACT	REG.	SECTION	DESCRIPTION
Donald Engelsjord, Michael Perry, Christopher Perry and Interior Warehousing Ltd.	Prince George	*Environmental Management Act*		83	A Pollution Abatement Order was issued requiring that the following conditions be met to stop pollution from occurring at the warehousing site: (1) within 4 business days submit a detailed plan from a qualified professional outlining satisfactory measures implemented to prevent the spread of contaminants off the property and a remediation plan for the removal of hazardous substances from the property and identifying facilities to which the material will be delivered; (2) within the 4 days, a meeting must be held with Ministry of Environment (MoE) staff to discuss the plan; (3) within 1 business day after the initial meeting with MoE staff initiate site remediation as per the plan developed; and (4) submit a final report detailing the remediation of the site including analytical results of sampled materials within 30 days upon completion.
Thomas Brewer	Burns Lake	*Water Act*		9(2)	An Engineer's Order was issued to the property owner for the unauthorized alteration of a swamp connected to Francois Lake. The order requires that the following steps be taken: (1) cease and discontinue any further works that may cause or allow further erosion into Francois Lake; (2) cease and discontinue any further works within the swamp adjacent to Francois Lake; and (3) submit to MoE staff a Site Remediation Plan designed by a qualified Professional Engineer and/or environmental professional within 6 weeks. The Site Remediation Plan must contain (i) immediate application of measures to close the connecting ditch between the swamp and Francois Lake; (ii) salvage of fish and fry that have entered the swamp from the lake; (iii) immediate application of measures required to protect the site from further surface erosion, eliminate further soil movement to the lake, and stabilize the slopes from continued failure; (iv) all measures required to re-establish riparian vegetation for stream function and habitat values; (v) all measures to promote ongoing soil and slope stability; and (vi) the property owner is required to advise MoE staff upon completion of this project.
Michelle Mary McLeod	Nelson	*Water Act*		93(2)(i); 93(2)(q)	An Engineer's Order was issued to the property owner for the unauthorized placement of rocks in Anderson Creek, which may have an impact on downstream properties, structures and the environment through flooding. The order requires the property owner to remove all rock placed in the stream channel in compliance with the following conditions: (1) wherever possible heavy equipment shall not be operated in the water; (2) no riparian vegetation is to be removed; (3) all materials and equipment used for the purpose of site preparation and project completion shall be operated and stored in a manner that prevents any deleterious substances from entering the water; and (4) instream works shall be completed within 14 days.

ISSUED TO	LOCATION	ACT	REG.	SECTION	DESCRIPTION
James and Margaret McConaghy	Prince George	*Water Act*		93(2)(q); 93(2)r	An Engineer's Order was issued to the property owner for substantial unauthorized alteration of a dam in Bertuschi Creek, which is causing risk to the dam structure and detrimental downstream watershed conditions due to an increased sediment load. The order requests the property owners to: (1) cease and discontinue any further works that may cause damage to Bertuschi Creek Dam or allow further erosion into Bertuschi Creek; (2) lower the level of the reservoir so that no water is entering or leaving the spillway; (3) remove all debris from the entrance of the spillway; (4) immediately apply measures required to protect the site from further surface erosion, eliminate further soil movement to the creek channel, and stabilize the slopes from continued failure; and (5) submit to MoE staff a Site Remediation Plan designed by a qualified Professional Engineer and/or environmental professional within 6 weeks.

Administrative Sanctions

Angling, hunting or firearm licence cancellations against individuals

(s. 24 Wildlife Act)

Boyd, Dean	Fort Nelson	*Wildlife Act*		33(2) 35(2)(b)	3 years hunting licence suspension + completion of CORE program	Unlawful possession of dead wildlife; Fail to remove edible portions of dead wildlife (fined $345)
Cote, Wayne	Clearwater	*Wildlife Act*	8/99 134/93	5(1) 9(1)	2 years hunting licence suspension + completion of CORE program (already serving 1 year automatic suspension)	Hunt big game without a hunting licence and/or species licence; Unlawfully hunt a LEH species without a valid LEH authorization (fined $575)
Chadwick, George	Clearwater	*Wildlife Act*	340/82 190/84	16.01(b) 18(1)(d)	1 year hunting licence suspension + completion of CORE program	Fail to comply with the conditions of a species licence; Continue to hunt after taking daily/seasonal limit - 2 counts (fined $575)

Administrative Sanctions

Licence cancellations against commercial operators (s. 61 Wildlife Act)

BRITISH COLUMBIA The Best Place on Earth | Ministry of Environment

ISSUED TO	LOCATION	ACT	REG.	SECTION	PENALTY	DESCRIPTION
Mobbs, Ian	Williams Lake	*Wildlife Act*		61	Suspension of Mobbs' trapping licence for period of 14 months and specified operational obligations respecting improvements to Mobbs' trapline operations.	On a number of separate occasions at different locations on two traplines, Mobbs had been found to have left traps and snares in a state that allowed them to remain operational past the date that the trapping season had closed. These abandoned traps and snares resulted in the capture of two dogs on one occasion, and the death of four species of wildlife on three further occasions. Ministry staff felt that Mobbs did not have a means of managing his trapline such that the location of all trapping equipment was properly known. As a result, active snares and traps were being left set.

Administrative Sanctions

Angling, hunting and firearm licence cancellations for failure to pay fines (s. 85 Wildlife Act)
